## Vision and inspiration

Driven by the vision to offer the world the ultimate performance treadmill, we proudly present T790 Club, an inspiration in design and breakthrough technology, the most sophisticated treadmill to motivate and inspire you.

## Ultimate power and performance

Advanced AC inverter system  
delivers peak performance  
from the heavy-duty  
industrial grade  
AC drive motor.

Strong and quiet.  
Enduring power  
that lasts a lifetime.

## Simply elegant

Every line is deliberate.

Each element in harmony.

Timeless and exquisite.

T790 Club captures your attention, entices you to exercise,  
and motivates you to exceed your goals.

## Intelligent and user-friendly

Sophisticated fuzzy logic intelligence system designed to jump start both beginners and serious athletes.

Rich features, intuitively designed, so anyone can customize their own exercise routine with ease.

## Discriminating craftsmanship

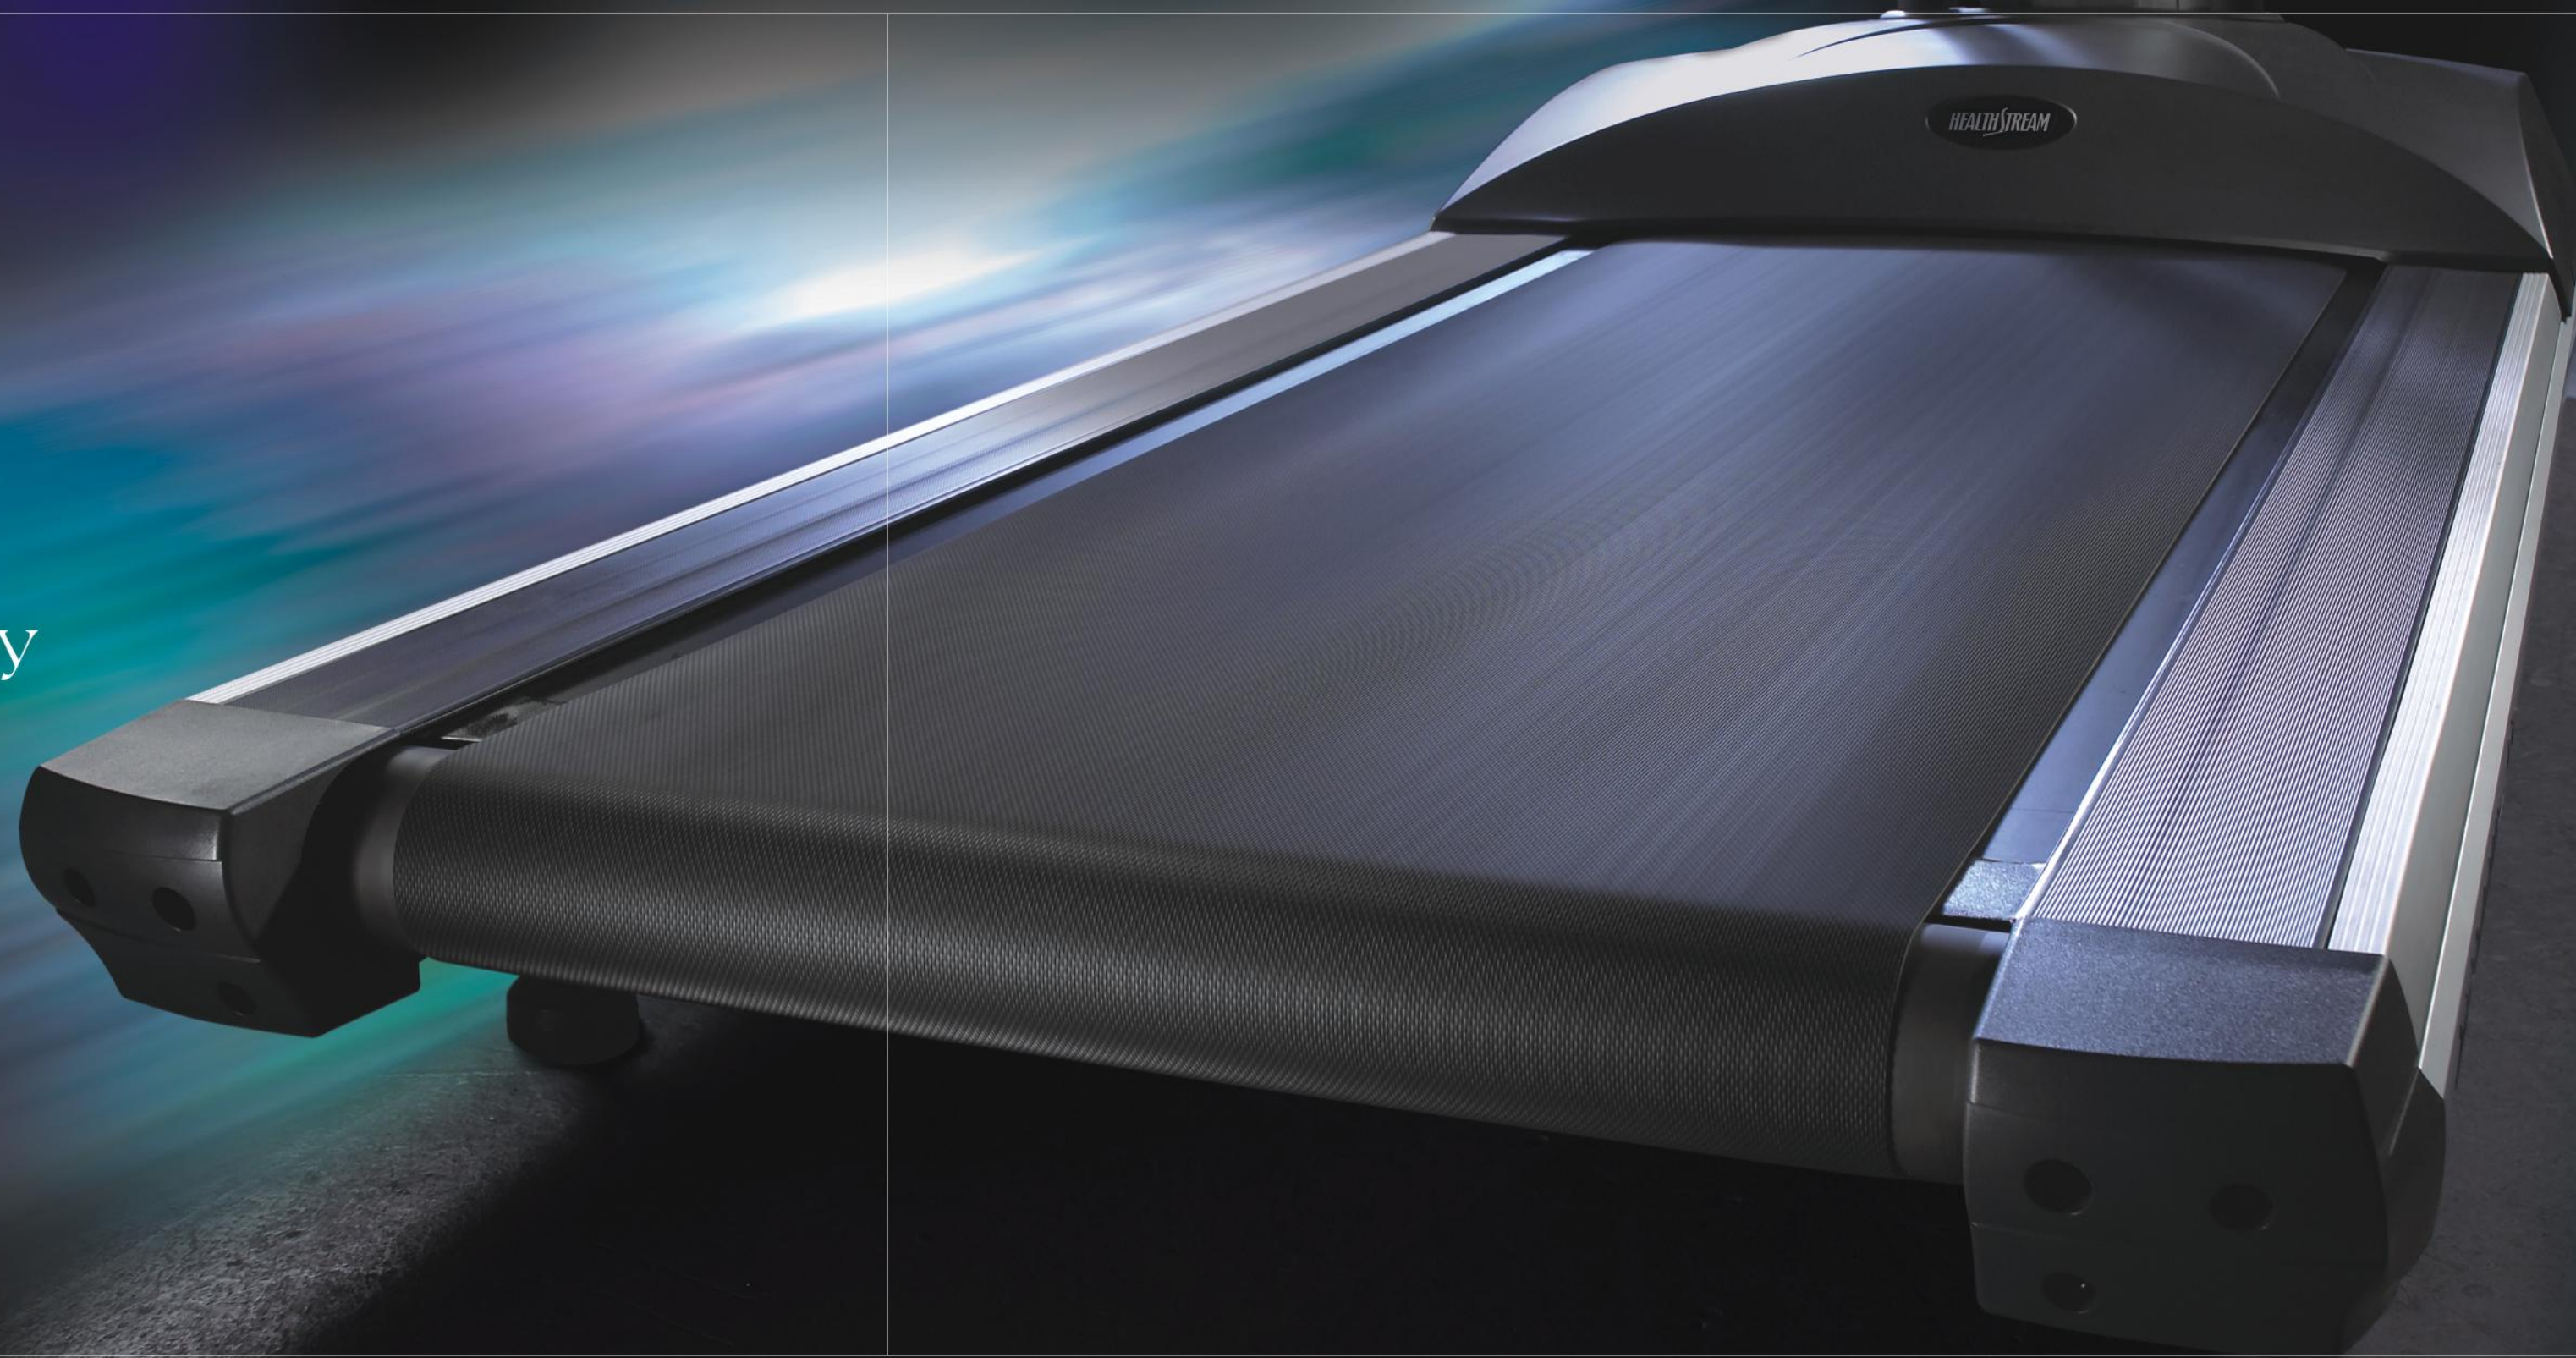

The vision to inspire and bring out the best in each one of us.  
The vision true.

## Strong and solid

The most reliable machine, designed and built like no other.  
A unique solution that meets and exceeds the expectations  
of the most discriminating user.

## Space without boundary

Stretch your mind as you stretch your stride  
on the enormous running space free of barriers.  
Running is a joyful experience on T790 Club.

## Commitment to quality

Every component painstakingly designed and carefully crafted to bring you the most valuable training solution for the best return on your investment.

## Specification

### Drive motor

### Drive system

### Speed range

### Power elevation

### User-friendly features

## Description

3.0HP industrial grade AC motor - industrial grade

AC inverter + intelligent and motivational user interface

1-18Km/H (0.1Km/H increment)

0-15% incline (1% increment)

- Fuzzy logic design - intelligent and intuitive
- Easy to use - no manual required with unique audio instructor and step by step text instruction displayed in the message center
- Customize your workout - select workout duration and intensity level

### Special features

- Heart rate control programs - by speed or by elevation
- Unique fitness test - motivational assessment of your fitness level
- Fan - keeps you cool during workout
- Metric or English unite — user selectable
- On screen message center - text instruction and feedback
- Direct speed control - for quick speed adjust

### Programs

- Quick start
- Speed programs: Speed interval, Aerobic
- Elevation programs: Weight loss, Hill climb
- Target setting programs: by Time, Distance, or Calories
- HR Control programs: by speed or elevation
- Fitness test

### Pulse

- Wireless receiver + transmitter strap
- Contact heart rate hand grips

### Display windows

- Large LED dot matrix display
- Four over-size LED numeric displays
- LCD Message center with back light

### Display values

### Other features

### Running surface

### Deck and belt

### Low impact

### Easy to service

- Diagnostic error codes - easy to trouble shoot
- Service indicator - maintenance required notice
- Easy to service and maintain
